

## CprE/SE 491 May1620 Weekly Report 14

### Web platform for software specification of Java libraries

Reporting period: December 2 – December 9

Advisor / Client: Professor Rajan (ComS)

Members: Cody Hanika (Team Leader),  
Deeksha Juneja (Communication Leader),  
Alex Dana (Web Master/Concept Holder)

### Weekly Summary:

- Prepared for final presentation (All)
- Worked on the design document and the project plan (All)
- Studied NLP library to parse through stackoverflow posts and generate a tree with named entity recognised (Deeksha)
- Created a new StackOverflow user and registered the corresponding access token to our application (Alex)

### Goals for Next Week:

- Give final presentation
- Complete revisions of the project design and project plan
- Create more test posts on stackoverflow to gauge user response
- Connect our app fully so posts may be automated
